CLASS PRACTICUM TEAM # 7 | September 30, 2025

Project Goals

Main Goal: *PeerQuests is a fun, social platform that helps people stay motivated by building habits together through shared challenges.*

Core Features:

-  Create & Join Challenges – set goals, invite friends
-  Daily Check-Ins & Invites – track progress and see new invitations
-  Leaderboards – view rankings in each challenge and globally
-  Secure Sign-In – quick access via email or Google
-  Responsive Interface – smooth on desktop and mobile
-  Manage Challenges – edit, invite or leave easily

CODE

THE DREAM

PeerQuest

Thank You

Code the Dream — for giving us this incredible opportunity to learn, grow, and build real-world projects.

And a very special thank you to our mentors — for your guidance, support, and the time you dedicated to helping us succeed throughout this practicum.

Together with Code the Dream, we learned, built, and grew - thank you!
